Active Duty Medical Care: <http://tricare.mil/Plans/Eligibility/NGRMandFamilies>

- Before your orders begin: **Pre-Activation Tricare** eligibility begins on the date your orders are issued or 180 days before you report to active duty, whichever is later. During this "pre-activation" period, you qualify for the same benefits as you have when you're activated.
- While on orders: When you're activated or ordered to active service for more than 30 consecutive days, you become eligible for the same health and dental benefits as active duty service members. You will need to enroll in one of the Prime options when you arrive at your final duty station. Family members are eligible for Tricare as active duty family members as well.
- After your orders are completed: When deactivated, you qualify for the Transitional Assistance Management Program (TAMP) for 180 days, but you must request this. TAMP coverage begins the first day after your active duty orders end and your family members are covered, too. During the TAMP period, you will need to enroll in one of the Prime options.

Urgent Care

Urgent medical care should be considered for health care concerns that do not threaten life, limb, or eyesight, but need attention to prevent serious risks to your health. Your primary care manager (PCM) is your best resource for deciding where and when to get care. If you have questions regarding you and your family's health care, call Tricare.

Steps to take to obtain this care:

1. Call your PCM or family doctor.
2. If your PCM or family doctor cannot provide care on the day you call, you will be directed to use a local network urgent care provider, if medically appropriate.
3. Visit the Tricare Network Provider Directory to locate an urgent care provider. When using the directory, type in your ZIP code and under Specialty select Urgent Care Center or Convenient Care Clinic.

Do you have other health insurance in addition to TRICARE, such as Medicare or an employer sponsored health insurance? You can call Tricare for help, but if you need to see a doctor,

Remember:

- You must follow the rules of your other health insurance plan first.
- Your other health insurance is the primary payer.
- If we help you find a doctor, make sure they're in your other plan's network or your care may not be covered.
